

# Virus & Bacteria Control

## Product Overview

**CHOSEN MODEL DEPENDS ON:**  
 Environment  
 Area (m<sup>2</sup>)  
 Ceiling height  
 Floor layout  
 Number of units

**INSTALLATION METHODS:**  
 Wall mounted  
 Ceiling mounted  
 Suspended

### Air to Surface

SmartAir Takes Care

- Reduces harmful viruses and contagious infections
- Circulates fresh clean air
- Breaks down unwanted bacteria
- Attacks odours at their source
- Removes unhealthy microbes from the air
- Makes your whole environment smell freshly cleaned
- Maintains sanitized surfaces
- Eradicates mould and fungal growth
- Clears smelly compounds in the air 24/7

**The unique balance of technology used by SmartAir has been tried, tested, and refined over many years to ensure the best achievable results with every unit supplied.**

- Due to the unit design UV light cannot escape from the unit at any angle meaning it is completely safe.
- Ozone levels used are substantially below the most stringent emissions regulated worldwide.
