Eliminate & Control

Odours & Infection

Improve the air quality and eliminate all odours from incontinence and medical conditions. Improve the healthcare of care home residents, staff and visitors alike. The Smart Range is completely silent using our unique thermal UV to eliminate unpleasant odours and control harmful bacteria and viruses both in the air and on all exposed surfaces 24 hours a day, 365 days a year.

- Clear embarrassing odours and eliminate masking agents
- Control bacteria and viruses in the air and on all exposed surfaces
- Improve infection control and hygiene standards
- Reduce absenteeism and labour costs
- Extend the life of carpets and soft furnishings to normal wear life
- Improve the care home image and increase occupancy rates

Health and comfort

Both your health and comfort can be seriously affected by poor quality air in enclosed spaces

SmartAir gets to the root cause of the problem by controlling bacteria, viruses and mould, clearing allergies to improve the air quality. Unpleasant odours are also eliminated creating a more pleasant environment for all.

For Moderate odour levels and infection control:

- SR 10 (10m²)
- SR 20 (20m²)

For High odour levels and infection control:

- SR 10X (10m²)
- SR10X (20m²)
